Receipts: 19,136 Week ago: 26,853 Year ago: 11,865

Compared to last week feeder steers and heifers sold uneven from 3.00 lower to 3.00 higher. Mid-weight feeders from 550-700 lbs. found the most strength and were mostly higher across the state while feather weights and a lighter supply of heavy weights were mostly lower. The supply of feeders was much lighter this week, a combination of heat and spots of heavy rains around the state. Pastures and water conditions around the state are looking very good for mid-August and most producers are very happy about the amount of green they are seeing on their farms. The exception would be some areas in the south west which are still considered abnormally dry. Fed cattle trade continued the climb higher marking six weeks of higher prices.
